19. **Bathing Kit:**

Bucket, Sweat Scraper, Sponge, Shampoo and conditioner (tack store brand or drugstore is fine. I use suave kid's since it is tearless.) Towels to dry with if you are bathing in cool weather. If bathing out at a show or at the fair you will also need a hose and hose nozzle. Some wash racks have hoses already and some don't, so we usually play it safe and bring our own.

****These items will be yours to be used only by you at shows. Please mark everything clearly with your name so that there is no confusion on show days.**
